

X Series

A single cloud platform for voice, video, chat and contact centre

Empower your teams to connect, collaborate and delight your customers. Mix and match service plans to user requirements and create a communications solution that's tailored for your business.

One size doesn't fit all; meet the X Series line-up of service plans:

Lobby - Common areas and break rooms

X1 - Shared extensions and entry-level users with domestic calling

X2 - Standard users with international calling (14 countries)

X3 - Power users with global calling (32 countries)

X4 - Managers and supervisors with extended global calling (47 countries)

X5 - Voice-centric Contact Centre users including Predictive Dialer

X6 - Voice-centric Contact Centre users with Advanced Reporting

X7 - Omni-channel Contact Centre users with Advanced Reporting

X8 - Omni-channel Contact Centre users with Advanced Analytics and Predictive Dialer

The power of one AI-driven platform

Start by addressing the immediate communications need. Turn on other parts of the platform when you're ready. Bringing all your communications capabilities onto one platform means that you can stop paying for, administering and maintaining other communication applications. It also means that the data from your various communication channels is available in one place. With complete, comprehensive, relevant data becoming easily accessible, you can take advantage of the advanced analytics and machine learning/AI capabilities to deliver operational efficiency and lower costs through automation.
