19. Data Protection and Data Processing

- 19.1 Both parties will comply with all applicable requirements of the Data Protection Legislation. This clause 19 is in addition to, and does not relieve, remove or replace, a party's obligations under the Data Protection Legislation.
- 19.2 The terms 'personal data', 'data subject', 'processor', 'controller', 'processing', 'personal data breach', 'pseudonymisation', 'special categories of data' and 'supervisory authority' have the meanings set out in the Data Protection Legislation.
- 19.3 The parties acknowledge that for the purposes of the Data Protection Legislation:
- 19.3.1** the Customer is the data controller;
- 19.3.2** the Supplier is a data controller (along with the Ultimate Service Provider) with respect to the CDRs; and
- 19.3.3** the Supplier is a data processor with respect to all other personal data passing between the parties in accordance with the Contract, as particularised further in schedule 1.
- 19.4 With respect to the CDRs:
- 19.4.1** the parties agree that the CDRs shall be shared between them and the Ultimate Service Provider solely for the purposes of providing Services under this Contract and complying with the legal obligations of the Ultimate Service Provider (the "**Agreed Purposes**");
- 19.4.2** the content of the CDRs must not be excessive with respect to the Agreed Purposes;
- 19.4.3** each party shall ensure that it only shares and processes CDRs on the basis of one or more of the legal grounds for processing contained in the

Data Protection Legislation, and that the chosen legal ground shall be and remain valid in the context of the processing operation(s) to which it relates;

- 19.4.4** taking into account the latest standards of security measures, the costs of implementation and the nature, scope, context and purposes of the data sharing, as well as the risk to the rights and freedoms of natural persons, each party shall implement and maintain appropriate technical and organisational measures to ensure a level of security appropriate to the risk; and
 - 19.4.5** if one party becomes aware of a personal data breach, it shall notify the other party without undue delay upon becoming so aware and thereafter provide sufficient details regarding the same to permit that party to conduct its own investigation.
- 19.5 The parties acknowledge that the Ultimate Service Provider will transfer the CDRs outside of the European Economic Area. The Supplier shall be responsible for ensuring that:
- 19.5.1** the transfer is legitimised in accordance with the Data Protection Legislation; and
 - 19.5.2** it shall remain liable for the actions of any third party who receives the CDRs as though they were its own.
- 19.6 Without prejudice to the generality of clause 19.1, the Customer will ensure that it has all necessary appropriate consents and notices in place to enable lawful transfer of the personal data to the Supplier for the duration and purposes of the Contract.
- 19.7 With respect to sub-contractors, the Supplier shall:
- 19.7.1** not engage a sub-contractor to process any of the Customer's personal data (a "**Sub-Processor**") without the Customer's prior specific or general written authorisation;

 - 19.7.3** not engage a Sub-Processor to which the Customer has objected;

 - 19.7.5** where a Sub-Processor fails to fulfil its data protection or confidentiality obligations, remain fully liable to the Customer for the performance of (or failure to perform) those obligations.

19.8 Without prejudice to the generality of clause 19.1, the Supplier will, in relation to any personal data which it processes in connection with the performance by the Supplier of its obligations under the Contract:

19.8.1 Put in place, and maintain a written agreement with the Ultimate Service Provider which permits the Supplier to transfer personal data to the Ultimate Service Provider to enable it to provide the services;

19.8.2 process that personal data only on the written instructions of the Customer unless otherwise required by law. If a law, court, regulator or supervisory authority requires the Supplier to process or disclose any of the Customer's personal data, the Supplier must first inform the Customer of the legal or regulatory requirement and give the Customer an opportunity to object or challenge the requirement, unless the law prohibits such notice;

19.8.3 ensure that it has in place appropriate technical and organisational measures, reviewed and approved by the Customer, to protect against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting personal data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to personal data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);

19.8.4 ensure that all personnel who have access to and/or process personal data are obliged to keep it confidential; and

19.8.5 not transfer any personal data outside of the European Economic Area unless the prior written consent of the Customer has been obtained and the following conditions are fulfilled:

- (b) the data subject (as defined in the Data Protection Legislation) has enforceable rights and effective legal remedies;
- (c) the Supplier complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any personal data that is transferred; and

caused by the Supplier, in which case any such assistance shall be at the Supplier's cost), impact assessments and consultations with supervisory authorities or regulators;

19.8.7 notify the Customer without undue delay on becoming aware of a personal data breach and thereafter provide sufficient details regarding the same to permit the Customer to conduct its own investigation;

19.8.8 at the written direction of the Customer, delete or return personal data and copies thereof to the Customer on termination of the Contract unless required by the Data Protection Legislation to store the personal data; and

19.8.9 maintain complete and accurate records and information to demonstrate its compliance with this clause 19.

19.9 For data protection purposes, the Supplier confirms that the Ultimate Service Provider is regularly audited against ISO 27001, ISO 9001:2015 and Cyber Essentials standards by independent third-party auditors. Upon the Customer's reasonable request, and subject to the Customer entering into reasonable confidentiality arrangements with the Ultimate Service Provider, the Supplier shall procure that the Ultimate Service Provider provides a summary copy of its audit report(s) to the Customer together with such additional information as may reasonably be requested by the Customer in connection with such audit report.

19.10 Upon termination of the Contract:

19.10.1 the Supplier will securely delete or destroy or, if directed in writing by the Customer, return and not retain, all or any of the Customer's personal data related to the Contract in its possession or control; and

19.10.2 if any law, regulation, or government or regulatory body requires the Supplier to retain any documents or materials that the Supplier would otherwise be required to return or destroy, it will notify the Customer in writing of that retention requirement, giving details of the documents or materials that it must retain, the legal basis for retention, and establishing a specific timeline for destruction once the retention requirement ends. It shall then comply with any such timeline so established.

19.11 Either party may, at any time on not less than 30 days' notice and having obtained written agreement to do so from the other party, revise this clause 19 by replacing it with any applicable controller to processor standard clauses or similar terms forming part of an applicable certification scheme (which will apply when replaced by attachment to the Contract).

20. Termination or Expiry

20.1 Without affecting any other right or remedy available to it, either party may terminate the Contract by giving the other party 90 days' written notice. However, if such termination is requested by the Customer and occurs before expiry of the Initial Fixed Term, the Customer will pay to the Supplier within 14 days of such termination, break costs as per tariff:

- 20.1.1** an amount equal to the Charges for the Initial Fixed Term from the Start Date;

- 20.2 Without affecting any other right or remedy available to it, either party may terminate the Contract with immediate effect by giving written notice to the other party if:
 - 20.2.1** the other party commits a material breach of any term of the Contract other than non-payment and (if such a breach is remediable) fails to remedy that breach within 21 days of that other party being notified in writing to do so;
 - 20.2.2** any undisputed amount due hereunder is due and remains unpaid for 14 days or more after notice requiring payment has been served on the party owing such amount;
 - 20.2.3** the other party takes any step or action in connection with its entering administration, provisional liquidation or any composition or arrangement with its creditors (other than in relation to a solvent restructuring), being wound up (whether voluntarily or by order of the court, unless for the purpose of a solvent restructuring), having a receiver appointed to any of its assets or ceasing to carry on business or, if the step or action is taken in another jurisdiction, in connection with any analogous procedure in the relevant jurisdiction;
 - 20.2.4** the other party suspends, or threatens to suspend, or ceases or threatens to cease to carry on all or a substantial part of its business; or
 - 20.2.5** the other party's financial position deteriorates to such an extent that in the terminating party's opinion the other party's capability to adequately fulfil its obligations under the Contract has been placed in jeopardy.
- 20.3 Without affecting any other right or remedy available to it, the Supplier may terminate the Contract with immediate effect by giving written notice, at least 10 days from the suspension of service, to the Customer if:
 - 20.3.1** the Customer fails to pay any amount due under the Contract on the due date for payment, provided the minimum three separate notifications have been provided prior to a suspension for non-payment;

- 20.4 Upon termination of this Agreement under clause 12.1, Ultimate Service Provider shall have the option to require the Service Provider to assign all existing End Customer Agreements (or those specified by Ultimate Service Provider) to

Ultimate Service Provider. Where Ultimate Service Provider exercises this option, all assignments shall take place on the following terms:

- 20.4.1** Where it is specified in an End Customer Agreement that a third party (for example, the end customer) must give its consent to such an assignment and such consent has not previously been obtained, the Service Provider shall use all reasonable endeavours to procure, without delay, the consent of the third party to the assignment to Ultimate Service Provider of the End Customer Agreement.
- 20.4.2** Ultimate Service Provider and the Service Provider shall, within 14 days of the relevant consent under clause 13.2.1 being obtained in writing, or, where no such consent is required, within 14 days of termination of this Agreement, effect the assignment of the benefit and burden of the End Customer Agreement, insofar as this is permitted by the End Customer Agreement.
- 20.4.3** The Service Provider shall not be required to assign and Ultimate Service Provider shall not be required to accept the assignment of an End Customer Agreement if the third party to that End Customer Agreement seeks as a condition of its consent (if required) a payment or other consideration for such assignment.
- 20.4.4** In the event that the Service Provider has not been able to pass to Ultimate Service Provider the benefit of any End Customer Agreement as required by Ultimate Service Provider under clause 13.2, then Ultimate Service Provider shall not be liable for its failure to perform the Ultimate Service Provider Services to the extent that such failure is directly attributable to it not being able to obtain the benefit of the End Customer Agreement, provided it has used reasonable endeavours to provide the Ultimate Service Provider Services without the benefit of the End Customer Agreement. The Charges shall be revised at Ultimate Service Provider's discretion to reflect any reduction in provision of the Ultimate Service Provider Services and any increased costs of Ultimate Service Provider in making alternative arrangements.
- 20.4.5** The Service Provider shall indemnify and keep Ultimate Service Provider indemnified against all claims, costs, damages and/or losses whatsoever arising out of any breach of any End Customer Agreement to the extent that Ultimate Service Provider is not responsible for the breach up until

such date as each End Customer Agreement is assigned to Ultimate Service Provider.

20.4.6 After the expiry of the Minimum Period, the Term will automatically renew for additional service terms of 3 years (the "Renewal Term"), unless either Party provides written termination notification to the other Party. If the Customer does not sign a renewal of the Contract but continues to use the Services for a further period of 3 years, then the Supplier may increase the Charges at any time by any amount, on giving the Customer 1 months' prior written notice.

20.4.7 In the event that the Customer wishes to terminate the Services prior to the expiry of the relevant Minimum Period or prior to the expiry of the Renewal Term as the case may be, the Customer may do so upon giving not less than 90 days' notice in writing to the Supplier, subject to payment by the Customer in full of all sums which would have been payable to the Supplier had the Contract run (and had the Services been provided) until the expiry of the Minimum Period, or the expiry of the Renewal Term as the case may be, the amount of such payment to be agreed between the parties and paid to the Supplier before expiry of the notice of termination.

20.4.8 If within twenty-eight (28) days before termination, the Customer has requested the Supplier in writing to provide assistance in relation to transitioning the terminated Services to an alternative provider, the Supplier will use reasonable efforts to provide the assistance requested for a period not exceeding one (1) month after termination provided that (i) the Customer pays the Supplier for its assistance at the Supplier's then prevailing time & materials rates; (ii) the Supplier shall be entitled to invoice in advance for such part of the anticipated assistance that it considers reasonable; and (iii) where the transition is to an alternative provider, that provider shall have entered with the Supplier into written confidentiality undertakings in form and substance reasonably acceptable to the Supplier.

21. Suspension

21.1 If Services will be (or are likely to be) suspended, the Supplier will use all reasonable endeavours to give the Customer advance notice of any such suspension.

21.2 The Supplier may temporarily suspend all or part of the Services, not during normal working hours:

21.2.1 for operational reasons;

- 22. Consequences of Termination**
- 22.1 On termination of the Contract:
 - 22.1.1** the Customer will immediately pay to the Supplier all of the Supplier's outstanding unpaid invoices and interest and, in respect of Services supplied but for which no invoice has been submitted, the Supplier will submit an invoice, which will be payable by the Customer immediately on receipt, this does not include any disputed invoices or payments;
 - 22.1.2** the Customer will return all Rented Equipment in good condition, fair wear and tear excepted, including VoIP phones pursuant to clause 12.4. If the Customer fails to do so, then the Supplier may enter the Customer's Premises and take possession of them. Until they have been returned, the Customer will be solely responsible for their safe keeping and will not use them for any purpose not connected with the Contract. If the Customer returns Rented Equipment which is found to be unserviceable or damaged beyond reasonable wear and tear then the Customer will be charged for replacement items; and
 - 22.1.3** the Supplier will return any security deposit paid by the Customer less any unpaid Charges.

- 24.7 **Severance.** If any provision or part-provision of the Contract is or becomes invalid, illegal or unenforceable, it will be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision will be deemed deleted.
